

tknife TRANSFORMING
T-CELL THERAPY

We are looking for individuals to join us who are inspired to work at a company that is rapidly growing, with an international team, that works on cutting edge science. We are committed to hiring people from diverse and unique personal and professional backgrounds, to combine viewpoints, approaches and methodologies, and to build together transformative therapies for cancer patients. If you are innovative, collaborative, and are looking to make a huge impact, you're who we're looking for!

We are a preclinical (nearly clinical) stage biopharmaceutical company, developing T cell receptor (TCR) therapies for solid tumor cancers. Our dynamic team has set an ambitious goal to revolutionize the TCR landscape. Following our successful Series B financing, we are well positioned to reach those goals.

We have the benefit of being transatlantic, with locations in San Francisco and Berlin, and are looking to expand in all locations. We have a strong team of scientists who have demonstrated preclinical proof-of-concept with multiple TCRs, have validated the platform for over 90 undisclosed cancer targets, and have several drug candidates currently in preclinical development. We are on track to enter the clinic with our first program by the end of 2021.

It's an exciting time to join T-knife!

Human Resources Business Partner, EU

We are looking for an HR business partner to oversee all human resources operations for our EU location(s) and ensure they're aligned with our business goals. Our ideal candidates should have solid experience with HR practices and employee management. You will communicate with all levels of staff to express new ideas and suggest solutions, considering our company culture and employee service-focused HR department. This role will be located in Berlin, and will report to the Vice President, Global HR.

Responsibilities Include:

- Consult with line management and provide daily HR guidance
- Resolve complex employee relations issues and address grievances
- Work closely with management and employees to improve work relationships, build morale and increase productivity and retention
- Provide HR policy guidance
- Monitor and report on workforce and succession planning
- Identify training needs for teams and individuals
- Evaluate training programs
- Analyze trends and metrics with the HR department
- Suggest new HR strategies

Requirements:

- Proven work experience as an HR business partner
- Excellent people management skills
- Analytical and goal-oriented
- Demonstrable experience with HR metrics
- Thorough knowledge of labor legislation
- Full understanding of all HR functions and best practices

What We Offer:

- A permanent position in a young, growing, and dynamic company in Berlin
- An inspiring work environment where we shape therapeutic innovations and continuously strive to improve the lives of patients
- The possibility to contribute to the built-out of our innovative and unique HuTCR mouse platform and in the development of novel T cell therapies
- Our company culture develops from a start-up mentality with professional execution, team spirit, motivation, and personal drive
- Competitive compensation, stock options and a growing benefit portfolio
- One of our maxims: We walk our talk

Please send us your full application including possible starting dates and your expected compensation using the email subject "Application TKN0036" to career@t-knife.com
